Re: Appendix A, Special Condition #2, New Deer Creek Permit, ACT/015/018

Energy West extends its gratitude to the Division for the expeditious performance of reviewing and approving the recent Incidental Boundary Change for the Deer Creek Mine permit area. However, there seems to be an oversight in Attachment A under Special Conditions. The new Deer Creek permit, issued February 19, 1999, Special Condition #2 states, "PacifiCorp must notify the Division within 14 days of the decision on the on the appeal of outstanding cessation order 94-020-370-002, 1 of 1." This Interior Board of Lands Appeal decision was made on April 1, 1998. PacifiCorp notified the Division on April 9, 1998 and the violation was terminated April 23, 1998. A copy of the letter from the Division is attached with this memo along with the original permit.

Please note the error in Attachment A and eliminate it from the permit. Again, thanks for pushing this issue to finality. If you have any questions or concerns regarding the Deer Creek permit, please contact me anytime at 687-4720.

Dear Mr. Semborski:

A condition was attached to all of the above-noted mine permits which read: "PacifiCorp must notify the Division within 14 days of the decision on the appeal of outstanding cessation order 94-020-370-002, 1 of 1." This Interior Board of Lands Appeal decision was made on April 1, 1998 and PacifiCorp notified the Division on April 9, 1998. This federal violation was terminated on April 23, 1998, effective April 1, 1998.

All of the AVS recommendations for these mines with an "issue" recommendation are attached.

Sincerely,

-Pamela Grubaugh-Littig
